

HUMAN RIGHTS VICTORY in SA!

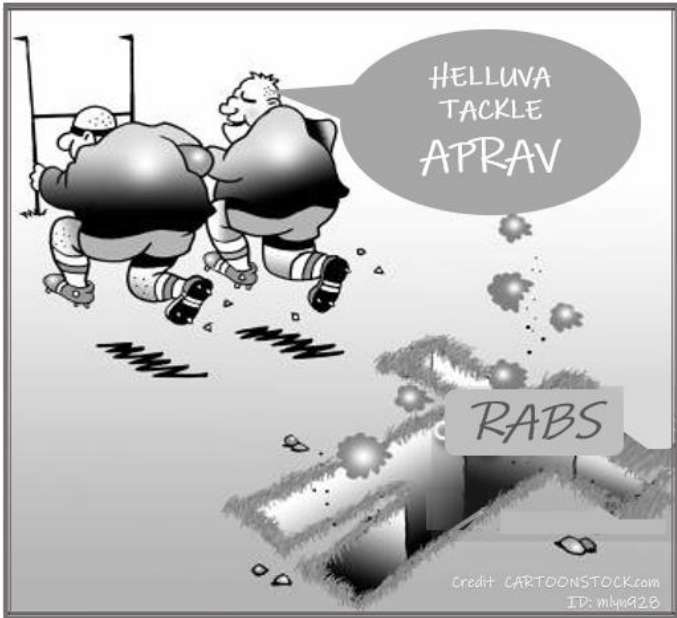

Human Rights Day 2019 marks a significant milestone in the APRAV vs RABS 'tournament'. The controversial and unconstitutional 'lapsed' Road Accident Benefit Scheme (RABS) Bill, that was reintroduced to Parliament earlier this year (against all logic and despite universal opposition), never made it back to this Parliament for a 'second reading'.

APRAV worked throughout and is proud to announce that when the **5th Parliament dissolved on Tuesday, the RABS is STILL JUST A BILL.**

Last day of 5th Parliament –
RABS in 30th position
Feels like halftime of a rugby match.
Game on for 2nd half starting soon!!

APRAV's focus is clear. The battle will continue when the next Parliament resumes after the election.
